125 restored muscle and high performance cars!

About Best of Show Automotive

Do you love cars? If you do, then we know how you feel, because the ownership and employees of Best of Show Automotive have a real love affair with the cars we drive, restore, service and sell. Whether it be the classic lines and chrome of the 1950s era cars, or the brute force of the 1960s muscle cars, and even the sheer refinement and performance of today's cars, we appreciate the uniqueness of the automobile and its permanent place in American culture.

If you visit our showroom, either online or here at our 60,000 square foot showroom in Mentor, Ohio, what you will find are exceptional, well done cars that are ready to show and drive. We firmly believe that cars were meant to be driven. Accordingly, every car offered at Best of Show Automotive has been road tested extensively, thoroughly shaken out, and performs as it was intended, or better!

In today's hobby, with the values of poorly done, poorly documented and hastily restored cars back-sliding, and the value of well done, accurate represented and properly operating cars on the rise, it's even more crucial that you get the most for your dollar. At Best of Show, we pride ourselves on accurate representations of the cars we offer, and we stand behind our representations and work. Unlike many of the classic car dealers who have latched on to the hobby over the past decade, our goal is to make sure you are happy with your purchase. Our reputation is our most prized asset! Read our classic car customer testimonials.

If you are an international buyer, note that Best of Show has satisfied customers all over the globe, including: Spain, Denmark, Sweden, Iceland, Brazil, Bahrain and the UK. Buy from us with the confidence that comes with knowing that our cars are accurately represented, and that our staff can help you export your new car quickly and professionally.

We have a significant investment in our business, and own our main facility in Mentor, Ohio, employing a staff of 20 dedicated employees. We also operate a secondary facility for storage, and a dedicated body & paint facility.

Each car we restore or purchase for resale is thoroughly and extensively gone through. Braking systems are tested. Suspensions are dialed in. Mechanicals are tuned. Electrical systems are tested and repaired. Cosmetic issues are addressed. In short, if you purchase a classic, muscle car, or sports car from us, you will purchase a car that looks and drives exceptionally well, and, if properly maintained, will stay that way.

If you own a classic, muscle car or sports car, we can provide you with an array of services, which will get your car running better, stronger and faster. We have the equipment and the technical abilities to handle anything from a simple tune-up, to a wiring harness replacement, or an engine swap.

Our classic car detailing services are exceptional. Best of Show's master detailers will treat your car like a prized piece of art. If you are thinking of entering a judged show, or even a local car show, and you want a trophy, bring your car to us. We will make it stand out from the rest.

If it has been your dream to restore a car, let us help you realize your dream. Our classic car restoration services will produce for you an exceptional car that will hold its value for decades.

In closing, we hope to earn your business and retain you as a customer for the long-term, based on our mutual love of the automobile, and our commitment to provide you with the highest quality service and products.

Thanks for taking the time to learn more about Best of Show Automotive. See you on the road or at the track!

Joseph M. Carroll
President
